A Vudor Porch Shade Will Make Your Porch Shady and Cool

You Should Get One of These Shades Now for the Hot Days.

When once you have tried Vudor Porch Shades and realize the coolness and comfort they give you will vote them the best expenditure you have made for the summer. They turn your sunny Porch into a cool and delightfully attractive private room.

With a Vudor Shade you can use your porch for dining-room, living-room, sewing-room, for entertaining, summer dances and for the children's play room.

In a Vudorized Porch you can work and play free from the hot stuffy indoor rooms, yet with the utmost privacy. You can see through a Vudor Shade, but outsiders cannot see you.

Vudor Shades have certain exclusive features that make them the best of all Porch Shades.

- 1st—They are indelibly stained in any color you want; the dark green is the most popular.
- 2nd—Made of strong flexible strips of linden wood fastened together with heavy seine twine that will not rot.
- 3rd—Every Vudor Shade is woven with reinforcing warps which enormously strengthen and lengthen the life of the shade.
- 4th—Every Vudor Shade is equipped with the safety wind device which prevents flapping.
- 5th—Vudor Shades are made with patented cord slide in place of pulleys, making adjustments much easier.

We have a complete stock of Vudor Shades and are ready to supply all your wants now.

PRINCESS ROBE IN BLACK AND WHITE

The princess model is particularly becoming to the tall, slender figure, and this 1916 edition in black and white checked taffeta has much to recommend it. The full skirt shows a flat panel in the front, cut in one with the bodice, as are the panniers on either side. The narrow sleeves are adjusted to extended armholes beneath short puffs. Bands of black satin constitute the trimming and the chemise is of embroidered organdie.

To Overcome Sunburn, Tan, Freckles, Sunburn

If your skin is unduly reddened, freckled or tanned, dab a liberal amount of ordinary mercurized wax on the face and allow it to remain over night. In the morning, wash off the wax in warm water, and you will find that the particles of cuticle come away. Repeating this daily, the entire outer skin is absorbed, but so gradually, there is not the slightest hurt to the complexion. The stubborn freckles are affected. The sunburned skin which forms the new complexion is so fresh and youthful-looking, you'll marvel at the transformation. It's the only thing known to actually discard an aged, faded, muddy or blotchy complexion. One ounce of mercurized wax, procurable at any drug store, is sufficient in most cases.

If sun and wind make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To overcome these quickly, bathe the face in a solution made by dissolving an ounce of powdered salicylate in a half pint of water. Wash with it.

HOROSCOPE.

"The stars incline, but do not compel."

Wednesday, July 19, 1916.

(Copyright, 1916, by the McClure Newspaper Syndicate.)

Astrologers read this as an uncertain day. Although Saturn, the Sun and Neptune are friendly, Mars rules powerfully for evil.

It is not a fortunate time for soldiers or for anything connected with military movements.

The aspect is unfavorable for engineering or construction in which iron and steel are used.

As the adverse aspects of Mars have the tendency to make men brave to the point of foolhardiness, it is wise to be unusually cautious while this configuration prevails.

Surgeons and hospitals have a sinister sign today. Accidents and injuries may be more numerous than usual.

Politicians should be fairly lucky today. They are supposed to be able to enlist support from persons in power.

Jupiter is in a place read as promising peace with all European powers, even though there may be clashes. The nation's stars promise many anxieties and much alarm, however, from new quarters.

Forgery is likely to cause a sensation in official circles. The planets are held to indicate a tendency for money-madness to develop among persons dealing with the government.

Surprises in the national political campaign are prophesied especially after the middle of August.

Italy, Russia, and Persia as well as Germany will be torn by internal disorders in the autumn, the seers declare. The outlook for Russia is especially good for change, improvement in government methods and the uplifting of the people.

There is a sign promising remarkable organization on the part of women and a growth of power for those who are interested in public affairs. New York will benefit.

Persons whose birthdate it is have the augury of a profitable year, if they are careful in conducting their affairs. They should avoid litigation.

Children born on this day may be quick, nervous and inclined to irritability. These subjects of Cancer also have Leo characteristics. They should be successful in life.

Naval Bill Near Enactment.

The Senate moved the administration naval bill nearer to its enactment following extended debate yesterday. The building construction program providing for 157 war vessels of all classes to be constructed within three years, a section that was expected to cause stiff opposition, was passed by a voice vote. The Senate Committee on Commerce yesterday reported the shipping bill without material amendment.

Mr. Robert Spear Hudson, third secretary of the British Embassy, is the guest of the Counselor of the Embassy and Mrs. Colville Barclay, at Newport.

Every Woman Thinks seriously over the question of motherhood—it used to mean such agony and sacrifice, that one could easily overlook the pleasure and honor of children in the home—but "Mother's Friend" has changed the views of thousands of women from that of distress to a pleasant anticipation of the happiness of being a mother.

"Mother's Friend" is a wonderful transformation of the physical system, in ease and comfort. Get "Mother's Friend" at any drug store. An intensely interesting book on motherhood will be mailed on receipt of this advertisement. Address: The Book Concern, 241 Lamar Bldg., Atlanta, Ga.
